The Clerk / RFO has initiated the bank signatories and contact information for the RFO. Thanks to Cllr Green, as the sole current authorised signatory, for assisting with obtaining bank statements, and thanks to the Clerk for progressing the matter of signatories with Lloyds Bank. The target will be to have the new signatories authorised by the September meeting.

Obtaining bank statements was an essential requirement to completion of the internal audit, which I am pleased to note has now been completed. The follow-up actions will be required to be tracked to completion.

Other objectives for the council are:

1. Generate a budget for 2018/19 period.
2. Respond to NFDC Local Plan – this item is included in agenda item
3. Respond to NFNP Recreation Plan.
4. Approve Standing Orders, Financial Regulations, Risk Management, Asset Register and Members Interests: awaiting the return of the files and will be distributed on receipt (following review & update).

Two other items of note:

I note the NFNP responsiveness to the installation of fringe protection at Longdown and suggest Councillors consider the utility of this measure in other areas.

The council has recently replaced a section of the cattle grid at the same area, confirming the use of the on-line tool for reporting road problems.

I would like to thank our Clerk for updating our records, completing the audit and assimilating the requirements of the RFO. To support these activities the Council should consider further training, which will be included in the future agenda for discussion.

The District Councillor is working hard on this and wants to push forward, we will be left behind if we do not get this right.

The National Grid put aside money some 3 years ago for the removal of existing wooden pylons, work could take up to 8 years. requesting the Parish files are copied and downloaded and sent back, a pre-paid envelope was sent. As yet no memory stick has been posted back.
